Plant to Cost $100,000 For No. Broadway

Structure 178 by 181 Feet for Duke Manufacturing Co. Will Be of Glass Brick Construction.

A factory, office and showroom building planned to cost around $100,000 is to be erected by the Duke Manufacturing Co. on Broadway at Monroe.

The one-story building will front 178 feet on Broadway and run back 181 feet along Monroe, and will include one of the largest and most modern showrooms in this part of the country as well as the firm's general offices and additional factory space.

Except for plate glass along the front of the showroom, there will be no windows in the building, which will be of glass brick construction. Ventilation will be by a system circulating air taken from the roof.

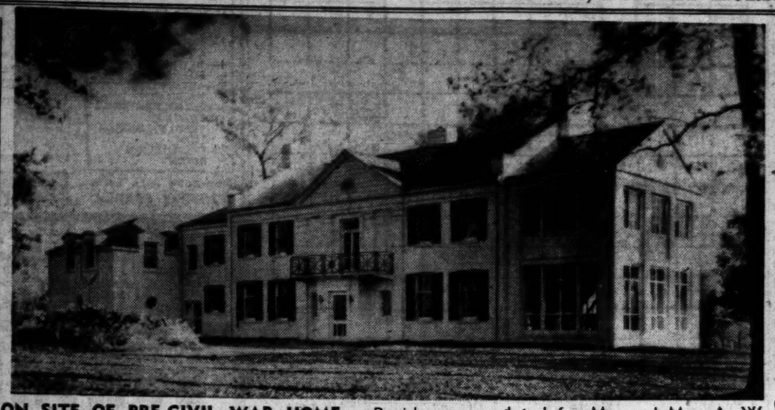

The Duke company, which manufactures equipment for hotel kitchens, cafeterias and the like, already has a large plant facing on Ninth street, Monroe and Broadway. The main building measures 100 by 150 feet and several other structures are used for manufacturing and warehousing.

Officers of the company are: M. P. Duke, president; L. L. McCoy, vice-president; D. Robert Bruce, secretary; B. W. Duke, treasurer, and Fred Kell, chief engineer.

The architects are Klingensmith & Groves and the contractor, the A. D. Gates Construction Co.

Waxed Floors.

It is not advisable to use an oiled mop on waxed floors because oil softens wax. Waxed floors should be swept with a mop or soft brush entirely free from oil.

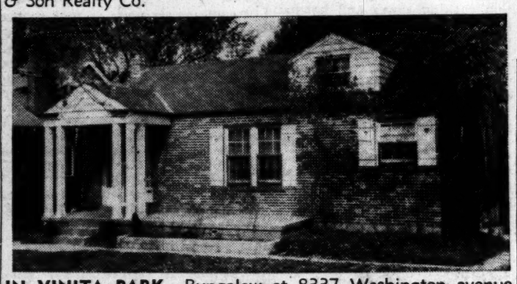

ON SITE OF PRE-CIVIL WAR HOME —Residence completed for Mr. and Mrs. A. W. Altvater on Log Cabin road on a plot of several acres that was the center of a large tract on which the Von Schrader family formerly had its home. The old house, built before the Civil War, had the usual slave quarters and other buildings of the period. It was razed to make way for the new residence, which is in a modern adaptation of the Georgian style of Colonial days. George W. Hellmuth & Associates were the architects and Arthur R. Darr, the builder.

OF COLONIAL DESIGN—Residence with four bedrooms and two baths completed at 16 Godwin lane for Mr. and Mrs. Willard G. Eakin. It was built by R. John Bull. The John P. Dolan Realty Co. handled the transaction.

IN CHEVY CHASE—Residence on Highgate road purchased by Mr. and Mrs. Neil C. Leech through the C. R. Miltenberger & Son Realty Co.

IN VINITA PARK—Bungalow at 8337 Washington avenue purchased by Mr. and Mrs. Vaughn Tunnell from William Gorman, builder, through the Carl G. Stifel Realty Co.

BANK REMODELED — Interior view of recently remodeled quarters of the Pine Lawn Bank & Trust Co. at 6149-53 Natural Bridge road. Baum & Freese were the architects and Theodore Henry Ratz, the general contractor.

Construction Increase in 1941 Forecast

Builders Told Rise of 14 Per Cent Is Indicated and That Volume May Be Largest Since 1930.

More families started building their own homes in Eastern Missouri, Southern Illinois, Arkansas and Western Tennessee in 1940 than in any other year since 1933. It is expected that more than 4000 families will spend about $24,000,000 for new homes that they will build and occupy.

F. Bruce Forward, general manager of Home Owners' Catalogs, a publication of F. W. Dodge Corporation, reviewed the first 10 months of the year, said that "the families who decided to build new homes for their own occupancy were motivated by the obviously greater personal security than they had as rent payers or by the need for improved living conditions."

There were 3577 homes for owners' occupancy in the 10-months' building contracts awarded throughout the four-State area. The necessary materials and labor were valued at $20,321,000.

The Home Owners' Catalogs estimate of the year-end record in this area is more than 4000 owner-

Fourth Street Space Leased

Gaylord Container Corporation Takes Second Floor of Cotton Belt Building.

The Gaylord Container Corporation, which has factories in 11 cities, has leased the entire second floor of the Cotton Belt Building, on Fourth street between Pine and Chestnut.

The second floor of the building contains about 25,000 square feet of space. It will be used for executive and general offices of the Gaylord company now in connection with the company's St. Louis factory.

Extensive remodeling and modernization of the leased premises will include air conditioning and fluorescent lighting.

The lease was negotiated by Clarence M. Turley in connection with M. H. Rodemyer & Co., manager of the Cotton Belt Building.

FHA Reports On Home Buying

Average Family Uses 17 Per Cent of Income for Gross Payments.

The average family buying a new home under the FHA-insured mortgage plan in Missouri is using about 17.3 per cent of its monthly income for the gross payments, has an annual income of less than $2600, and is living in a home of five rooms valued between $4000 and $6000.

This composite picture is the result of a study made by J. W. Kuhlman, Federal Housing Administration District Director for Eastern Missouri, of home mortgages accepted for insurance by the Eastern District office.

The study shows that 47 per cent of the new home owners financing their residential buying transactions under FHA's plan have incomes between $2000 and $3000; 20 per cent have incomes between $3000 and $5000; four per cent have incomes of $5000 or more, and 29 per cent have incomes of less than $2000 annually.

That the five-room home remains the most popular with the average Eastern Missouri family buying its residence under FHA financing is shown by the fact that 62 per cent of the new homes contain five rooms, 15 per cent have six rooms, 3 per cent have seven rooms or more, and 20 per cent have four rooms or less.

Exactly 50 per cent of the FHA-insured homes in Missouri are valued at $4000 to $6000, 27 per cent at $6000 to $10,000, 3 per cent at $10,000 or more, and 20 per cent at less than $4000.

LEASE ON NORTH 12TH STREET

J. A. and M. B. Kelly have leased the first floor and basement in the Drew building at 418 North Twelfth street for stockroom, salesroom and office for handling silks. The firm has been located in the Silk Exchange Building for 22 years.

The lease was made through the Mullin-Walters Realty Co., Inc.

DOWNTOWN IMPROVEMENT TO BE TOPIC AT LUNCHEON

Dudley W. Frost, manager of the Downtown Property Owners' Association, of Oakland, Cal., will be the speaker at a luncheon of the St. Louis Real Estate Exchange at 12:15 noon Thursday at the Hotel Statler.

His topic will be "Defeating Decentralization" and "Downtown Face-Lifting."

Frost is credited with having brought about the modernization by property owners of buildings in Oakland's central business district and with having obtained general tax assessment adjustments and improved traffic and parking conditions.

The luncheon will be for members of the exchange, affiliates, property owners and guests.

CONTINENTAL CAN CO. PLANT BIDS TO BE RECEIVED DEC. 16

Bids are to be received Dec. 16 on construction of the plant planned by the Continental Can Co. on the 14-acre tract it bought recently on the east side of North Broadway, extending from Humboldt street on the north to the plant of the St. Louis Screw and Bolt Co. on the south.

The bids are to cover a one-story brick, steel and concrete factory building 440 by 460 feet with a two-story office section, and a warehouse, 400 by 340 feet.

Included are a steel-frame train shed with loading platform.

KROGER CO. LEASES STORE EAST OF GRAND BOULEVARD

The Kroger Grocery & Baking Co. has leased the first-floor storeroom at 1720-26 Lafayette avenue, where it will open a market.

The store is 90 by 50 feet and is in a two-story building. It is across the street from the City Hospital and has a parking area 148 by 50 feet in rear.

The deal marks the entrance of the Kroger company into the district east of Grand boulevard.

The Rudy Kohn Realty Co. and Paul Stendhal represented the Kroger company, and the owner, Jacob Maurer, was represented by Griffith & Groves.

ST. LOUISANS WILL ATTEND CONFERENCE IN CHICAGO

The seventeenth annual presidents' conference of the National Association of Building Owners and Managers will be held at the Union League Club in Chicago tomorrow and Tuesday.

Those attending from St. Louis will be President Sam F. Doty, James F. Cook Sr., a member of the board of governors; Will F. Shannon, Claude B. Ricketts and Clarence M. Turley, members of the senior council, and Arthur A. Holthaus, local association secretary.

Building Costs Up 2 Per Cent

Increase in October in Both Materials and Labor Expense.

Building costs in October rose 2 per cent over September as residential construction continued its strong forward trend, economists of the Federal Home Loan Bank Board said yesterday in Washington.

Labor costs increased more than building materials, according to the monthly index of the Board's Division of Research of Statistics. Labor costs went up 2.1 per cent, while materials increased 1.4 per cent. The net jump in building costs, figuring both labor and materials, was approximately 2 per cent. October building costs were 2.5 per cent above October a year ago.

For the country as a whole, the volume of residential construction was up about 10 per cent in October as compared with September, the increase in October over October, 1939, being approximately 68 per cent. Much of this increase is attributed to a jump in demand for housing facilites in areas having expanding defense industries or new industries of that type.

The board's residential construction index in October was 59.5 as compared with 54.3 in September and 35.5 in October a year ago. This index uses 1926 as a base of 100.

The board's economists estimated that 35,959 new family dwelling units costing $127,702,900 were built or planned in all cities of 10,000 population or over in October, the best single month in number of units since 1929. These figures compared with 30,204 units valued at $109,357,000 in September and 21,448 units costing $80,442,400 in October last year.

In the first 10 months of 1940, there were 266,366 units built in these cities at a cost of $946,557,500. In the same period last year, 231,414 units were reported, valued at $842,212,200.

to-occupy houses. The materials-and-labor valuation will be about $24,000,000.

Last year, 3587 homes were built on the orders of the families that would occupy them. The 1938 and 1937 totals were 2619 and 2337 homes, respectively.

More Families Building Homes

Number in the St. Louis Area Reported to Be Largest Since 1933.

WASHINGTON, Dec. 7 (AP).—Representatives of the building industry heard a forecast that public and private construction in 1941 would increase 14 per cent over the current year, for the largest annual volume in a decade.

This estimated volume, Thomas S. Holden of New York, vice-president of the F. W. Dodge Corporation, said, would be the largest since 1930 and would not have to be increased greatly to produce the largest volume since 1929.

The amount of private residential construction will be governed somewhat by building costs, Holden told builders gathered here for a national industry construction conference called by the Chamber of Commerce of the United States.

The purpose of the meeting was to discuss the dual program of construction for normal and defense requirements.

PINE LAWN BANK COMPLETES REMODELING OF QUARTERS

Remodelling and enlargement of the quarters of the Pine Lawn Bank & Trust Co. at 6149-53 Natural Bridge road have been completed, doubling the space used by the institution.

The remodelling is unusual in that tellers' cage work and glass panels have been eliminated and replaced by an unbroken streamlined counter of prima vera and black formica so constructed that privacy of transactions is assured.

An accoustone ceiling has been installed and fluorescent lighting throughout. Terazza floors, marbel wainscoting and painted walls combine with the prima vera counter for a striking effect.

Baum & Froese were the architects and Theodore Henry Ratz, the general contractor.

METCALFE RE-ELECTED HEAD OF FIRE INSURANCE AGENTS

George S. Metcalfe, secretary of the Strodtman & Strodtman Real Estate Co., has been re-elected president of the Associated Fire Insurance Agents and Brokers of St. Louis, Inc.

Other association officers for 1941 are: Vice-president, William Rodiek Jr., vice-president of William Rodiek & Co., Inc.; secretary, Frank Altmayer, president of the Altmayer Real Estate Co.; treasurer, Robert E. Doerflinger, secretary-treasurer of the Doerflinger Realty Co.

Joseph L. Heinrich Jr. of the Hartmann-Heinrich Realty Co., and John E. Milne, vice-president and treasurer of the George F. Bergfeld Co., Inc., were elected directors for two-year terms. Other reelected directors are: Calvin H. Bowersox, Bowersox Insurance Agency Co.; Eugene Brinkop, Eugene Brinkop Real Estate Co.; William H. Finke, William Haase, Haase Realty Co. The association has a membership of 180.

TO ORGANIZE SOCIETY OF INDUSTRIAL REALTORS

To aid in the mobilization of industrial land and building resources, industrial real estate specialists are forming an American Society of Industrial Realtors as a technical group of qualified men in this field.

The proposed new society, to be a branch of the National Association of Real Estate Boards, will have its organization meeting in Washington, D. C., Friday, Jan. 10.

Plans were reviewed at a meeting of the organization committee just concluded in Chicago. District organization is planned in each of 11 industrial regions of the country.

R. Vernon Clark of St. Louis is a member of the committee.

STORE ON LOCUST STREET LEASED BY MANUFACTURER

A lease of a storeroom at 817 Locust street has been taken by Nemendorf's, Inc., manufacturer of trunks, umbrellas and leather goods, which has been located at 510 St. Charles street for the past 15 years. Alterations and redecorating are under way so that the firm may occupy the new premises as soon as possible.

Nemendorf's, Inc., operates another store, at 3189 South Grand boulevard. Its factory is at 1205 South Broadway.

The Andrean Leasing Co. represented the lessor and the Mercantile Bank & Trust Co. the Ruff Estate, owner of the property.

LEAKY FAUCETS COSTLY

A drop of water can be expensive especially when its hot water. The United States Housing Authority has advised managers of low-rent housing projects that one drop of water per second from one hot water faucet in each of 600 dwellings would pay costs of heating 18 dwellings, supplying hot water to 40, or equal rent costs for one dewlling through the period of time the leaks continue.

REALTY FIRM MOVES

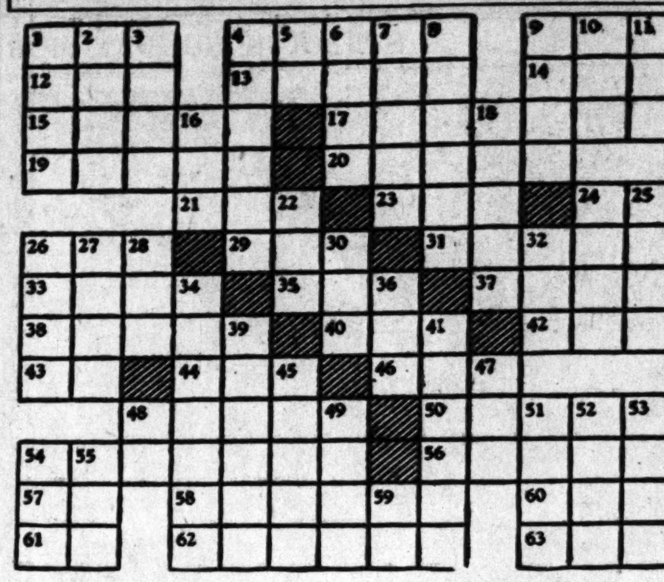

The Walter F. Sheehan Real Estate Co. has moved its offices to 430 Skinker road, at the northwest corner of Kingsbury. It does a general real estate and investment business and manages investment and residential properties.

Cause of Plaster Cracks.

A cause of plaster cracks, which is probably more often noticed in the walls than in the ceiling, is settlement due to inadequate footings. Improper application of plaster backing, such as wallboard or laths, is sometimes responsible.

COMBINATION COOKING STOVE AND HOUSE HEATER DESIGNED

Anthracite Industry Laboratory Engineers Co-operate With USHA to Develop It.

Engineers of the Anthracite Industries Laboratory, working with USHA, have developed a combination cooking range and hot-water house heater which they estimate can be produced for $125 or less, depending on the volume of production.

The new cooking-heating unit occupies only slightly more space than the ordinary kitchen range, and is probably smaller than some old-fashioned ranges still being used. It is compact, finished in white enamel and chromium, with a large oven and ample cooking and warming surface. The builders of the stove-heater have been careful to provide complete insulation so that it will not create a furnace-room temperature in a kitchen.

Essentially, the new heater is a cooking range with a water back combined with a hot-water boiler. It may be placed against a utility-room wall so that flue and pipe connections can be made in the utility room. The heater furnishes hot water to radiators throughout a dwelling. Engineers are confident that it will furnish adequate heat for a six-room home.

To the planners of low-rent housing developments, the new stove-heater is said to offer the following advantages:

It will be lower in cost than an insulated coal range and a separate heating boiler.

It saves space. Formerly, the heater had to be in the basement, in the utility room or in the living room. Now the combination heating-cooking range occupies about the same space formerly used by the range alone.

It provides generous storage space under the stove, and (because of the efficient insulation) work space on top.

The insulated covers will conserve fuel and keep the room temperature comfortable.

With anthracite coal, and certain types of bituminous coal, only one flue will be required.

STAMP PLAN TO BE EXPLAINED TO RETAIL FOOD DEALERS

First of Three Sectional Meetings to Be Held Tomorrow at Beaumont High School.

The first of three sectional meetings at which the food stamp plan will be explained to retail food dealers will be held tomorrow at 7:45 p. m. at Beaumont High School. Under the plan, surplus foods will be distributed to needy St. Louis families, beginning Dec. 16, through regular trade channels.

Similar meetings will be held Tuesday night at Roosevelt High School, and Wednesday night at Soldan High School. Speakers will include Floyd H. Tuchscher, director of the plan as local representative of the Surplus Marketing Administration; Roy B. Martin, senior program organizer of the SMA; Director John Ballew of the St. Louis Social Security office, and Mayor Bernard F. Dickmann.

Palmer Voss, who has been in charge of the plan at Springfield, Mo., arrived in St. Louis last week to become assistant to Tuchscher here.

Branch Rickey to Aid Famine Relief.

Branch Rickey, vice-president of the St. Louis Cardinals, is a member of the newly-formed National Committee on Food for the Five Small Democracies, it was announced last night. The group was formed to aid in sending food to Finland, Norway, Holland, Belgium and Central Poland. Among those on the committee are former members of the United States foreign service. Gen. John J. Pershing, Government officials and men prominent in religious and educational groups.

APARTMENT BUILDING SOLD IN GLEN RIDGE ADDITION

Sale of the 12-family apartment building at 7518 Cromwell drive, in the Glen Ridge addition to the Moorlands, is reported. Built by Sam Brown less than a year ago, it contains six units of four rooms and bath each and six units of seven rooms and two baths each. It has a modernistic entrance, terrazzo stairways and modern electric and lighting fixtures. Its rear balconies overlook Hampton Park. A 15-car fireproof garage has its entrance from Clayton road.

The building was purchased for investment by Mr. and Mrs. S. C. Petersen. All parties to the transaction were represented by Samuel L. Wimer of the Bayer-Rickhoff Real Estate Co., Inc.

Joins Realty Firm.

Edward L. League is now with the Carl G. Stifel Realty Co. after long experience with city and county real estate.

A resident of St. Louis was just getting out of his automobile when it was struck from the rear by another car. His low-cost Post-Dispatch All-Coverage Accident Insurance Policy paid him $35.00. He had paid $2.45 in premiums.

A construction jack fell on this St. Louis man's hand, fracturing his fingers. He reported the accident and promptly received a check for $34.29 as a result of the Post-Dispatch low-cost All-Coverage Accident Insurance Policy he held. He had paid $1.85 in premiums.

NOTE TO MEN IN NAVAL AND MILITARY SERVICE—A standard feature of Post-Dispatch All-Coverage Accident Insurance is that it provides full coverage for men in the Army, Navy and Marine Corps, whether drafted or otherwise, except in time of war.

Accidents NEVER Give Warning

You, too, can receive the generous protection offered by the low-cost Post-Dispatch All-Coverage Accident Insurance . protection against accident losses any time of the day or night, any place in the United States and Canada, while working, while playing, while riding, while walking . protection under which policyholders and their beneficiaries have received more than $335,000.00 in cash indemnities.

A card or letter addressed to the Insurance Bureau, St Louis Post-Dispatch, St. Louis, Missouri, will bring complete information and a sample policy without obligation.

Are You the One Who Will Enjoy Living

in the

SAUM PENTHOUSE

... one of the most distinguished apartments in Saint Louis?

The SAUM

APARTMENT HOTEL, South Grand Boulevard

If you seek a distinctive residence with superb features, you'll find this and more in the eight-room SAUM PENTHOUSE on the ninth floor of the Saum Hotel. It is refreshingly light, cool in summer, away from noises, and entirely separate from all others and you will enjoy all the conveniences of the Saum.

The large English-type Studio living room is separated from dining room with an arcade of French Renaissance design and has paneled walls painted in delicate neo-classic gray and rose beige. Two master bedrooms; two smaller bedrooms; a den; kitchen; two baths and extra lavatory complete the apartment, which has exclusive use of the 44x60 tiled room promenade and garden house—a part of Penthouse Living.

The lease includes heat, electric and gas service, refrigeration and the other conveniences of a well-managed apartment hotel. For further details, inquire of the management and see the Penthouse.

SALESMEN WANTED

MEN
What may seem to be the end of the trail may be only the forks in the road. No man is through as long as opportunity is still being developed. Men are coming into this unusual business from every trade, profession and business and are making good. They find that character and consistent work will accomplish results which constantly increase. You will meet men in this office who are making BIG MONEY who once were in these lines: merchants, a grocer, a carpenter, a theatre manager, a bank clerk, store manager, insurance man, salesman, a musician, a bookbinder, office worker, etc.

You do not invest or buy anything in joining the Electrolux Corporation (not refrigeration). Nor are you bound down to seasons. It is important and imperative that you do a full day's work regularly and not incidentally. We prefer men 25 to 48, with family responsibilities. While men in this business make from $4000 to $8500 a year regularly, you probably will start on a more modest basis—perhaps from $100 to $135 or up to $175 your first month—slightly more your second month, and so on upward. You spent years learning your past occupation. Are you willing to spend weeks learning one as good or better that pays from the start? But don't come looking for a miracle. Come expecting something unusual, based on definite superiority.

If you are sincere and wish to start in on a new outlook and broader prospect of success, call for personal interview. Monday morning, 9:15 to 1:15 only, at 512 Paul Brown Bldg., 9th and Olive sts.

'GLAD TO BE AMERICAN AND ALIVE'—M'DANIEL

He Makes First Public Address Since Campaign to Hotel Men.

In his first public address since his defeat as Democratic candidate for Governor of Missouri, Lawrence McDaniel told delegates to the convention of the Missouri-Kansas-Oklahoma Hotel Men's Association last night: "I'm glad to be alive and I'm glad to be an American, and that ought to be enough for anybody."

McDaniel was to speak on the topic, "Where Do We Go From Here?" and F. Harold Van Orman, a Republican and former Lieutenant-Governor of Indiana, was to discuss "Where Have We Been?"

Avoiding any direct reference to politics, McDaniel told the hotel men "I don't know where we're going any more than Van Orman knows where we've been. He's like the whiffle bird that flies backwards because he doesn't care where he's going but wants to know where he has been."

In the closing sessions of the two-day convention, W. L. Elson, manager of Hotel Roberts, Pratt, Kan., was elected president of the association and John Mayo of Tulsa was elected vice-president.

Thomas Bourke, Kansas City, treasurer, and Walter Laclerk, also of Kansas City, secretary, were re-elected.

Franklin Moore, Harrisburg, Pa., president of the American Hotel Association, spoke at the closing banquet at Hotel Jefferson last night on "The Frontier Inn of Tomorrow." America's frontiers were not closed when the last of the public land was occupied, he said, since opportunities in invention and management are greater than those of the past.

DIET AND EXERCISE ADVISED AS BEST REDUCING METHOD

Illinois U. Physical Education Teacher Also Favors Group Sports for Women.

Special to the Post-Dispatch.

URBANA, Ill., Dec. 7.—Diet and exercise are preferable to machine massage for reducing, according to Miss Louise Freer, professor of physical education for women at the University of Illinois. Diet and exercise under a physician's care, however, is the best, Miss Freer advised.

Women of all ages should take up some sport, Miss Freer said. While all are not equal in abilities and strength, those with physical handicaps should participate in less strenuous exercise. Miss Freer expressed the view that no one is too helpless to play some kind of game. Individual sports, such as golf, tennis, swimming, bowling and archery were listed by her as becoming more popular with students and women out of school.

"Young girls and women working together in team games, nevertheless, develop co-operation and group spirit, which is of social value," Miss Freer said.

REAL ESTATE DEALER ACCUSED OF MISAPPLICATION OF FUNDS

Said to Have Taken $1000 to Pay on Mortgage but Turned Over Only the Interest.

A real estate dealer was arrested yesterday at the request of the Circuit Attorney's office on complaint of Mr. and Mrs. Michael Jaby, 4158 Osceola street, that he had accepted $1000 from them to make principal payments on a $2000 first deed of trust on their home but had turned over only the interest to the mortgage holder.

Assistant Circuit Attorney William D. O'Connor said the Jabys told him they learned the principal payments had not been made when the mortgage holder called on them recently to discuss a renewal.

Mrs. Jaby told O'Connor she had turned over the $1000 in three payments in 1938 and 1939 after the real estate dealer, in collecting payments on a second deed held by him, suggested she make payments also on the first. He was released under $3000 bond.

'PILE-UP' ACCIDENT STUDIED

California Auto Club Makes Recommendations After Survey.

SAN FRANCISCO, Dec. 7 (AP). —The "pile-up accident," a development of high-speed automobile driving, has been analyzed by the California State Automobile Association. The resulting advice is for each motorist to allow three car lengths between himself and his predecessor if going 25 miles an hour, and to increase this margin one car length for each additional five miles an hour of speed.

This policy, the association says, should allow the motorist to stop safely in case of a sudden obstruction in front of him.

DIVORCED PAIR REMARRIED

Robert Lee Morton Jr. and Wife Got Decree in May, 1939.

Mrs. Elizabeth Meston Morton, 501 Clara avenue, and Robert Lee Morton Jr., who were divorced in May last year on her petition charging general indignities, were remarried yesterday afternoon at the Church of St. Michael and St. George. They are residing at the home of Mrs. Morton's mother, Mrs. Thomas M. Meston, of the Clara avenue address.

Morton is a representative of the Morton & Morton insurance agency. They were first married Nov. 10, 1932. They have a son, Thomas M. Morton, now 3 years old.

TRAFFIC SAFETY CAMPAIGN TO USE BILLBOARDS, MOVIES

St. Louis Concerns Donate Signboard Space for Advertisements Urging Care.

A campaign to promote traffic safety will be conducted through billboard advertisements, lamp-post cards, radio talks, motion picture shorts and direct appeals to organizations for co-operation, Mayor Bernard F. Dickmann announced yesterday.

The drive will get under way over the week end with the appearance of more than 50 billboards urging St. Louisans to obey traffic laws and to walk and drive carefully. The space was donated by various business firms. In addition, 6000 campaign posters will be placed on light standards throughout the city. Mayor Dickmann pointed out traffic fatalities were 20 per cent above last year, and asked that all persons co-operate.

Firms donating billboard space are Wagner Electric Corporation, St. Louis Refrigerating and Cold Storage Co., Shell Oil Co., Famous-Barr Co., Stix, Baer & Fuller, Maurice Weil, St. Louis Dairy Co., Coca-Cola Bottling Co., St. Louis Car Co., Gaylord Container Corporation, Scruggs-Vandervoort & Barney, Lambert Pharmacal Co., Frisco Railroad, Illinois Terminal Railroad, Krey Packing Co., Mississippi Valley Barge Line Co., Hyde Park Breweries, Inc., Neisner Bros., Inc., Monsanto Chemical Co., Independent Packing Co., Arthur Morgan Trucking Co., Mound City Forwarding Co., Briner Electric Co., Columbia Terminals, General American Life Insurance Co. and American Automobile Insurance Co.

WAR OF ATTRITION REPLACES BLITZKRIEG, ITALIANS SAY

Radio Asserts Conflict Will be "Fought on Two Continents Over Greatest Front Ever Seen."

NEW YORK, Dec. 7 (AP).—The Italian radio said today that the Axis had shifted from blitzkrieg tactics to a war of attrition. The comment, heard by CBS, follows:

"This is not a war which is being fought on one small front. It is not a war which will be decided by local successes. But it is a war which is being fought on two continents over the greatest warfront the world has ever seen.

"The British started off better prepared for a war of attrition than the Axis. But since the collapse of the British allies, one after the other, it is the Axis which is better prepared for a war of attrition. It is the Axis which is getting stronger and stronger in reserves and supplies in relation to the British Empire. . . .

"The lion has lost its claws and its teeth, and it is at the mercy of the hunters who are hacking holes in its sides, from whirh its life-blood is flowing."

CHINESE GENERAL EXECUTED FOR CONNIVING WITH PUPPET

CHUNGKING, China, Dec. 7 (AP).—Gen. Shih Yu-shan, 48 years old, Chungking-appointed Governor of Chahar Province, now occupied by the Japanese, was executed last Wednesday after a court-martial, it was reported tonight.

Gen. Shih, who once led a revolting division in China but who later became aligned with Generalissimo Chiang Kai-shek and led an irregular army against the Japanese, was charged with conniving with Wang Ching-wei, head of the Japanese-recognized government.

He was the second outstanding war lord to be executed since the war began. The first was Gen. Han Fu-chu, Governor of Shantung, who was executed in 1938 for dereliction of duty.

SISTER MARIE BORO FUNERAL

One of Oldest Daughters of Charity Died of Pneumonia Friday.

Funeral services for Sister Marie Boro, one of the oldest nuns in the Catholic Order of the Daughters of Charity of St. Vincent de Paul, who died of pneumonia Friday at the De Paul Hospital, will be held at 9 o'clock tomorrow morning at the Marillac Seminary in Normandy. Burial will be on the seminary grounds. She was 87 years old.

For the last 28 years, Sister Boro was attached to the Guardian Angel Settlement, 1029 Marion street, a Catholic neighborhood welfare organization. She was born in Memphis and joined the order 64 years ago. For many years, she taught art in Catholic schools.

WOMEN IN ANNAPOLIS PLAY

Heretofore Midshipmen Have Taken Feminine Roles.

ANNAPOLIS, Md., Dec. 7 (AP). —A long-standing masculine tradition at United States Naval Academy is going by the boards.

This season, for the first time, women will be allowed to take part in a play presented by the midshipmen's Masqueraders Club. Heretofore, middies have played feminine roles. If the presence of women in the play proves successful, said Prof. Royal S. Pease, in charge of production, the practice may be continued.

'BEAR WALK' FOR SKI UNIT

Newest Drill Term in Canadian Army—White Worn.

OTTAWA, Dec. 7 (AP).—The newest drill term to appear in the Canadian army is the "bear walk" —a movement being taught members of the ski unit assembled in Ottawa for a special course ending Dec. 21.

The men wear their white parkas during drill. The white outfit covers service uniforms and battle dress for all ranks. Three patrols have been organized among the 44 officers and other ranks making up the school.

PLAQUES MARK PLACES WHERE NOTABLES MET

Inscriptions Name St. Louis Group of Philosophical Thinkers of '60s and '70s.

Sites of places frequented in the 60's and 70's by St. Louisans associated with the Early Philosophical Movement here have been marked by plaques erected by the Historic Sites Committee of the young men's division of the Chamber of Commerce, it was announced yesterday by Dr. E. A. Hotfelder, chairman.

The places were the Fritz Roeslein Bookstore, 22 South Fourth street, and Combe's Pension Francaise (French boarding house), south side of Walnut street, east of Third street. The latter spot, within the area of the new riverfront memorial, is across the street from the Old Cathedral, now the Church of St. Louis of France, while the former is half a block from the memorial boundary.

On the bookstore marker, placed at the north end of a parking lot, is the following inscription:

"In the 1870's there foregathered here Joseph Pulitzer, who became the great publisher; Joseph Keppler, founder of the magazine, Puck, at 32 South Fourth street and later removed to New York; Carl Schurz, the statesman; Dr. George Engelmann, botanist and meteorologist; Lieutenant-Governor H. C. Brockmeyer, leader of the St. Louis Movement in philosophy, psychology, literature, art and education, and other intellectuals of that time."

Brockmeyer, a lawyer, was elected Lieutenant-Governor in 1876. He was an authority on translation of the works of the German philosopher, Hegel. In 1866 he and William T. Harris, who later was superintendent of schools here and United States Commissioner of Education, organized the St. Louis Philosophical Society, out of which grew the St. Louis movement and Harris' Journal of Speculative Philosophy. Pulitzer was the founder of the Post-Dispatch.

The marker on the old boarding house site says: "Denton J. Snider, a writer of books and author of 'The St. Louis Movement in Philosophy, Literature, Education and Psychology,' immediately after his arrival in St. Louis in 1865 lived here to acquaint himself with some of the remaining spirit of old French St. Louis."

Many other historical markers erected by the same organization on the riverfront memorial site, which had to be removed as old building were razed, have been replaced by the National Park Service, which has charge of the memorial.

BRIDEGROOM, 90, SO NERVOUS HE FORGETS TO KISS BRIDE

New York Farmer Married in His 125-Year-Old Home to Widow, 56.

WEST BLOOMFIELD, N. Y., Dec. 7 (AP). — Ninety-year-old Adam Wreitz, plucking nervously at his walrus moustache, laid aside his corncob pipe just long enough to become a bridegroom in the soft glow of lamplight in his 125-year-old farm house tonight.

The 56-year-old bride, the former Mrs. Nellie May Surline, stole a glance at the old-fashioned cookstove on which she was preparing chicken for their wedding dinner and then faced the minister to say her nuptial vows.

The nonagenarian was so nervous, his wife said, that he let the fire die out in the kitchen stove an hour or so before the ceremony.

He also forgot to kiss the bride.

3-DAY CAGE BIRD CLUB SHOW TO OPEN FRIDAY

Many Types of Canaries to Be Among Entries; Boy and Girl Scouts to Be Admitted Free.

The third annual show of the Greater St. Louis Cage Bird Club will be held next Friday, Saturday and Sunday at Hotel Claridge, Eighteenth and Locust streets.

Among types of canaries to be shown are the roller, Yorkshire, Norwich, border fancy, dutch frill, lizard and red-hooded Siskin hybrid. Parakeets and other types of parrots also will be shown.

Roller canaries will be judged for song by Thomas Reidl of Chicago. Other entries will be judged by Lorne Tinsdale of Windsor, Ont.; Mrs. Helen Kneller, Bloomington, Ill., will assist in judging the Siskin hybrid section. Cups, plaques and ribbons will be awarded. School children and Boy and Girl Scouts will be admitted free.

BALTIMORE SHIPPING RECORD

Chesapeake & Delaware Canal Expected to Top 1939 Figure.

BALTIMORE Dec. 7 (AP).—A record amount of shipping for the Chesapeake & Delaware Canal this year was forecast today by the Export and Import Bureau of the Baltimore Association of Commerce.

Officials estimated that by the end of this year more than 3,500,000 tons of cargo would have passed through the short-cut canal connecting upper Chesapeake Bay and the Delaware River. This would represent a 15 per cent increase over the 1939 tonnage, highest to date for the canal.

"Love Thy Neighbor" Group.

Rate of Superior Persons Reported Highest in Utah

—Associated Press Wirephoto.

PROF. EDWARD L. THORNDIKE, who listed Utah and Massachusetts as states producing greatest number of superior persons, based on population.

Massachusetts Ranked Second in Producing Men and Women of Great Ability —Louisiana Listed Last.

BOSTON, Dec. 7 (AP).—Utah and Massachusetts produce the largest proportion of "men and women of great ability," according to a report filed here with the American Academy of Arts and Sciences by Prof. Edward L. Thorndike, Columbia University psychologist. He listed those states in one-two order.

Others he named in a mental "top 10" for the nation were:

Connecticut, Colorado, Idaho and Vermont (tie); New Hampshire, Wyoming, Maine, Iowa and Rhode Island (also tied), and South Dakota.

Thorndike's ratings, based on a study of birthplaces listed for people who have "made" recent editions of "Who's Who in America," "Leaders in Education" and "American Men of Science," listed New York in twenty-fourth place.

Tail-enders were Texas, Tennessee, Alabama, Florida, New Mexico, Georgia and finally, Louisiana.

The order of the states was altered markedly in the psychologist's analysis of communities which retain the superior people they have and those that attract to themselves the able born elsewhere.

Thorndike's report did not list the No. 1 state or states in those two analyses, but he said Massachusetts was tenth among the states in keeping its able residents and fourth in attracting others from outside.

New York, rated "practically at the average for the birth rate of superior men and women" was, however, third in retaining its own native born heavy thinkers and second in luring those born in other states.

And, even though California did not rate in the top 10 for big men—it was fourteenth—it rated No. 1 in what Thorndike termed "the most important measured fact about a state—its general goodness score."

He said he figured this score for a state from a study of some 37 social conditions, including the record of public health, educational expenditures, recreational facilities, prevalence or non-prevalence of poverty, child labor and literacy, the record with respect to homicide and the existence of "creature comforts" such as telephones and radios.

Next to California in "general goodness," according to Thorndike, are Connecticut and Washington, then Massachusetts, Minnesota, New Jersey, New York, Oregon, Iowa, Michigan, Nebraska, Ohio, Wisconsin, Wyoming, Idaho, Illinois, Indiana, Kansas, Montana, Nevada, Colorado, Delaware, New Hampshire, North Dakota, Pennsylvania, Rhode Island, South Dakota, Utah and Vermont.

States rating high in "goodness," he said, produce "far more than their share" of able men and women as compared with states scoring low, but he added:

"They do not retain their ability product any better, or even quite as well. Their attracting power is a little, but not much, stronger."

COURT RULES C I O CAN PASS HANDBILLS NEAR FORD PLANT

Dearborn (Mich.) Bar on Pamphlets Held Unconstitutional, Freedom of Press Cited.

DETROIT, Dec. 7 (AP).—Circuit Court Judge James E. Chenot enjoined officials of suburban Dearborn today from enforcing a bar against distribution of union handbills in the vicinity of Ford Motor Co.'s River Rouge plant.

The court ruled unconstitutional a Dearborn traffic control measure under which police have arrested members of the United Automobile Workers (CIO), who attempted to distribute literature to Ford employes.

Relating that pamphlets "have been historic weapons in the defense of liberty," Judge Chenot said "freedom of the press would be a mockery if it only permitted distribution of publications at places where few or no people are present to receive them."

FRENCH INDIA FOR BRITAIN, SAYS GOV. LOUIS BONVIN

Will Go to "Limit of Our Resources" for England, Reuters Quotes Him as Stating.

LONDON, Dec. 7 (AP).—Reuters, British news agency, reported from Bombay recently that Gov. Louis Bonvin, opening the French India Legislature at Pondicherry, said the possession "is ready to go to the limit of its resources in fighting side by side with the noble British."

A special delegate representing Gen. Charles de Gaulle, head of the "Free French" forces in London, was present at the opening ceremony.

French India, in the southeast part of India proper, consists of five separate colonies with a total area of about 196 square miles. The chief colony is Pondicherry, where the Governor of all the colonies resides.

SCENTED ALCOHOL ON BRAZIL LINER SEIZED BY BRITISH

Master Says He Was Told Consignees Were on Blacklist for Trading With Germany.

NEW YORK, Dec. 7 (AP).—Capt. Juan Joaquin Moura, master of the Brazilian liner Buarque, which arrived today from Rio de Janeiro, said 32 cases of cloth and 38 cases of perfumed alcohol, consigned to two firms in La Guayra, Venezuela, had been seized from his cargo by the British at Trinidad, British West Indies.

He said he had protested the seizure made by the British Contraband Control because the consignees were on its blacklist for having traded with Germany.

Among the passengers were Max Brand, Viennese composer, and his wife, refugees from Vienna now residing in Brazil. Brand said the most effective good will ambassadors from the United States were swing bands.

GROWERS HEAVILY IN FAVOR OF COTTON MARKETING PLAN

Early Count Shows 90 Pct. Majority for Retention; Missouri Backs Control Program.

WASHINGTON, Dec. 7 (AP).—Grower approval of a proposal to continue the New Deal's cotton marketing control program in 1941 was indicated tonight on the basis of returns from 12 of the 19 cotton producing states in today's referendum.

With more than a fifth of the ballots in there was a favorable majority of more than 90 per cent.

States represented in the tabulation included Georgia, Florida, South Carolina, Alabama, Arkansas, Illinois, Kentucky, Missouri, North Carolina, Oklahoma, Tennessee and Virginia.

The farm act authorizing the program requires the favorable vote of two-thirds of those participating in the referendum.

COLUMBIA, Mo., Dec. 7 (AP).—C. W. Sheppard, chairman of the Missouri Agricultural Conservation Committee, said tonight the State's cotton planters had "voted overwhelmingly in favor" of marketing quotas on the 1941 crop. Incomplete returns showed 5798 votes for the quotas, 486 against and 26 votes challenged. Only about 200 votes remained out.

MAIL FROM MORE EUROPEAN COUNTRIES TO REACH U. S.

American Export Lines Signs Contract for Service With Portugal, Only Outlet.

NEW YORK, Dec. 7 (AP).—American Export Lines announced today that the temporary stoppage of some European mails to this country would end as the result of a contract signed with the Portuguese Government.

John F. Gehan, vice-president, said the contract included handling mails from other European countries as well as Portugal.

The company recently refused to carry mails from other European countries because of the lack of a guarantee of payments. Portugal is the only outlet for European mails.

FREIGHT SHIP RUNS AGROUND

Japanese Reports Say Ship Is Stranded in Fortified Zone.

TOKYO, Dec. 8 (Sunday) (AP).—A ship identified as a 7188-ton States Line freighter ripped a hole in its bottom in grounding off Cape Nojima, at the tip of Boso Peninsula, it was reported today.

Japanese dispatches said it was believed impossible to refloat the ship. Gendarmes are investigating because Nojima is a fortified zone. The crew of 26 was said to be safe. The ship was identified as the Phaex.

(The Panamanian-registered ship Phaeax of the same tonnage is listed in Lloyds. It left Los Angeles Nov. 7 for Yokohama. No home port is listed for the 470-foot Phaeax which was built in 1915.)

STIMSON AID WARNS AGAINST COMPLACENCY

Greatest Danger Is Failure of U. S. to Sense Its Peril, Patterson Asserts.

BOSTON, Dec. 7 (AP).—Robert P. Patterson, Assistant Secretary of War, declared tonight the "greatest evil" that could befall the United States in the present emergency would be its failure to "awaken in time to the critical seriousness of our position."

Addressing the Harvard Alumni Association, Patterson said failure to appreciate the situation is "the only thing we have to worry about."

After reviewing the nation's military history, with particular emphasis on that of the World War period, Patterson asserted the army believes it is much better off now because of careful planning and prompt placement of production orders, than when the United States declared war on Germany in 1917.

"In the World War we would have taken 24 months to produce complete armament for our forces," he said.

Now it was estimated that 15 months would suffice, he said. Although he conceded "blunders are bound to be made" and that some money is "sure to be wasted," Patterson asserted "we have many fundamental factors in our favor as to armament."

"Our stock piles of raw materials are ample," he continued. "Our productive facilities are greater than those of any possible combination of hostile Powers. Our inventive genius is unsurpassed. With such resources, we shall have no excuse if our army is not completel ymotorized, if it does not have arms of the greatest fire power, if it does not have planes of the greatest performance and in the greatest numbers."

Asserting that achievement of those goals required only that the nation go about the task "as men who realize the gravity of the threat presented by the dictators and who have the resolution to go the limit to avert it," Patterson had this word for labor and business:

"Do sensible men in such a predicament stop production because of a quarrel over wages? Do they resist priorities urgently required by the needs of the army, on the plea that some competing civilian activity of their own might have a trifling value for national defense?

"No—not if they appreciate the gravity of the situation."

SAFEST WAY TO RIDE BICYCLE, CROSS STREET, BOARD A BUS

Group of Public Schools in Ohio and W. Virginia Produce Movie Illustrations.

COLUMBUS, O., Dec. 7 (AP). — Nine public schools in Ohio and West Virginia have produced motion pictures illustrating the safest way to ride a bicycle, cross a street and board a bus.

The Dayon (O.) schools turned out "Carelessness on Trial," a sound picture of a bicycle court, featuring courtroom commentators and violators on trial. High school classes at Dover, O., filming "Jack Finds a Way," a story of bike-riding dangers, enlisted the Mayor, Fire Department, a hospital and merchants.

The movies are written, staged and photographed by pupils, aided by Ohio State University's Bureau of Educational Research.

LIVESTOCK SHOW CLOSES; $1,250,000 FOR EXHIBITORS

Illinois Tops States Represented at Chicago, With 45 Championships, 156 Firsts.

CHICAGO, Dec. 7 (AP). — The forty-first international livestock exposition closed tonight and exhibitors headed for their farm homes with $1,250,000 in their wallets. Officials reported that the sum received by the participants in prize money and in the sale of their animals was approximately $150,000 higher than in any previous year.

Total attendance for the eight-day show passed 400,000 during the day amid indications that it would approximate 450,000 when the final figures were determined. In 1939 the total was 446,000.

Illinois exhibitors, with 45 championships and 156 firsts, topped all states represented in the livestock and hay and grain show.

13,000 LUMBER WORKERS IDLE IN PACIFIC NORTHWEST STRIKE

Action Over Wages at Sawmills Threatens to Spread—Supply Shortage at Army Camp.

PORTLAND, Ore., Dec. 7 (AP). —Almost 13,000 Pacific Northwest lumber workers were idle today as Washington's lumber strike over wages spread to one Oregon sawmill and threatened others.

The Clark-Wilson plant, employing 500 men, closed in Portland after CIO pickets appeared early today and CIO longshoremen refused to pass picket lines to load lumber for Baltimore aboard the freighter De Soto.

Thirty-seven Western Washington sawmills and five logging operations were down. AFL and CIO union spokesmen said four more mills, two at Seattle and two near Renton, would be closed Monday, completing the tie-up in the Seattle area. A lumber shortage already was felt at Camp Murray, Wash., where contractors said completion of the Northwest army base barracks might be delayed.

GEN. HUGH S. JOHNSON SAYS—

Civilian Morale Is as Important to Production of Adequate Defense Materials as That of Military Forces—Private Organizations Better Organized for Jobs Than Army.

By GEN. HUGH S. JOHNSON.

OUR greatest national problem is the apparent approaching shortages in producing capacity for steel, airplanes, possibly later for automobiles, certainly now for explosives, cannon and many lesser munitions. Nobody can expect "business as usual." Military and naval needs must have an absolute right-of-way.

But that principle must not be permitted to ride roughshod over civilian necessities or to avoidable shattering of our economic system unless these sacrifices are the only way—especially if they are a worse way—to attain our real end, which is the quickest and the greatest concentration of our men and metal at every threatened point.

There is another principle which is very apt to be forgotten among defense executives under constant fire of criticism and staggering responsibility for particular results, with none responsible for the combined result. It is that maintenance of civilian morale is of equal or greater importance as compared with the maintenance of military morale.

Modern war is not merely a matter of battles between armed forces. It is, to an equal or even greater degree, a death struggle between economic systems—entire nations mobilized for war from the most remote farm or factory to the actual battle line. Employment must be maintained, prices stabilized, hardships minimized to the full extent that this is possible without reducing military and naval progress—and especially if this is possible with an effect of increasing that progress.

It is easy and spectacular to say that the way to increase available military and naval steel is to increase steel mill capacity, that the way to increase available military aircraft is to stop production of civilian transport planes and the way to motorize infantry divisions is to take all automotive truck production to equip the army.

It is possible under pressure of panic to do all these things arbitrarily, but it may not be the best way to advance defense. This column has several times discussed different angles of this subject. It does not do so on theoretical conjecture, secondhand conclusions or amateur advice. It does so on the basis of hard-bitten experience with an exactly similar problem in 1917 and 1918.

From that experience, it suggested that, before we jump to a conclusion that the solution of our steel problem is an extravagant expansion of productive capacity (which would be long delayed) we get all the facts and try, by intelligent control of both supply and demand, to serve both civilian and service demands with no sacrifice of either.

It argued that, before we decide that very necessary motorization of our infantry and even cavalry divisions requires a partial duplication of our vast existing civilian motor equipment, we explore and test the possibility of using the latter to the fullest possible extent.

Today, and with even greater reason, it argues that, before we throttle down the facilities of our air transport industry, to provide army transport planes, we explore and test the possibility of using it for army transport when it is needed and leave it free to serve civilian uses when it is not.

Civilian personnel and equipment for operating air, truck and bus transport is organized and trained to a degree of efficiency that the army can never hope to reach. Military transport is needed desperately when it is needed, but that is only part of the time. To duplicate the existing civilian plant and then to immobilize the duplication for long periods is folly from every angle, and unnecessary strain on production and a deprivation of civilian service. It is much less than the best service of military needs.

We have reached a point from whence we simply cannot go forward with the present planless and Hydra-headed organization of our defensive effort. We must have an intelligent and properly organized authority with both authority and responsibility to do the job. In spite of all recent Pollyanna reports of progress "on order," the job is not being done and in the present confusion and unco-ordinated effort it is not going to be done without waste, disappointment, delay and unnecessary expense.

DIES REPLIES TO JACKSON IN 'CO-OPERATION' DISPUTE

Says He Delegated Voorhis to See Attorney General After Consulting President.

NASHVILLE, Tenn., Dec. 7 (AP).—Congressman Dies (Dem.), Texas, replied today to Attorney General Jackson's assertion "no agreement has been made" for co-operation between the Department of Justice and Dies' committee investigating un-American activities.

Jackson in Washington objected to what he said was the Texan's statement here yesterday that a formula for co-opefation had been reached.

Stopping here during a speaking trip, Dies issued a statement.

"At the suggestion of the President I was to confer with Mr. Jackson for the purpose of agreeing on some form of co-operation between my committee and the Department of Justice," he said.

"In view of Mr. Jackson's personal dislike for me, growing out of revelations of our committee, I thought it would be advisable to delegate Congressman Voorhis of California, a member of the committee, to confer with Mr. Jackson."

Converted Transport Manned.

NEW YORK, Dec. 7 (AP).—The Navy commissioned today the U. S. S. Wharton, 15,000-ton converted transport. The former Munson liner Southern Cross was placed in command of Commander E. L. Vanderkloot with a crew of 21 officers and 400 men.

New Consolidated Aircraft Plant.

SAN DIEGO, Cal., Dec. 7 (AP).—Consolidated Aircraft Corporation will double its facilities by constructing a $7,000,000 parts plant, Edgar M. Gott, vice-president, said today. Eight new buildings will be erected about a mile from Lindbergh Field plant.

ST. MARY'S HOSPITAL GROUP FILES PLEA TO INCORPORATE

A petition for a pro forma decree of incorporation was filed in Circuit Court yesterday by the department of medical social service of University Hospital, comprising the St. Mary's group of hospitals. They are St. Mary's and Firmin Desloge hospitals, Mount Saint Rose Sanitorium and St. Mary's Infirmary.

The association, the petition sets forth, proposes to supply medical relief not usually furnished by hospitals but which is considered essential in the recovery of patients, such as the provision of eyeglasses, special shoes and braces, special diets and emergency clothing and food. This involves the study of an individual patient's social situation, interest and needs in relation to the illness.

Officers of the organization are Winifred E. Walsh, president; Genevieve Corley, treasurer, and Irene Morris, secretary, who signed the petition, in addition to other signers, including Mrs. C. Oscar Lamy, Mrs. J. F. Schlafly, Mary C. Clemons, Dr. Goronwy O. Brown, Mother Mary Concordia, S. S. M.; Mother Mary Irene, S. S. M.; Sister Mary Athanasia, S. S. M.; Harriet Fordyce, Grace Harett, Charlotte Ring Fusz and the Rev. Alphonse M. Schwitalla.

RAY BLADES TO MANAG CARD FAR

Ray Blades, former manag the Cardinals, has been appo manager of the New Orleans of the Southern Association, announced in New Orleans night.

Blades, a product of the nals' farm system, was replac Billy Southworth as leader o Redbirds after about one-thi last season had been complete

He went to his home at McL boro, Ill., for the rest of the mer.

The New Orleans club is a in the Cardinal farm system, ing been acquired by the St. organization before the sta the 1940 season.

Blades began his baseball here in the Post-Dispatch School League and cont through McKinley High S then went to the Cardinal league organizations.

Originally he was an infi but when he was finally bro up to the Redbirds he was p in the outfield and was an portant cog in the first St. National League pennant wi in 1926.

Later he managed the Colu club of the American Associ before being named to su Frank Frisch as leade of the birds before the 1939 season.

The Cardinals finished se in 1939, the first year under Bl and only lost the pennant t Cincinnati Reds after a red race in which Blades was ited with exceptionally fine dling of pitchers.

But when the magic faile work at the start of the 1940 he was dismissed.

Charles Hurth, business man of the Pelicans, announced Bl 43 years old, would succeed Anderson, who brought New leans in fifth last year.

Reagan Undecided About Entering Pr Football or Baseb

PITTSBURGH, Pa., Dec. 7 —Penn's standout halfback F Reagan is debating whether to up pro baseball or football he graduates next June.

He wouldn't turn down a grid offer "if it is high enou and believe he has a "fair cha of becoming a big league bas player "which I certainly w like to do." He said several m league teams that have scouted include the Pittsburgh Pirates.

Reagan, in town for the Da Dan Club charity banquet tomo night, batted .333 for the Qua last season and will captain team next spring. He's an outf er and catcher.

Athletic Meets Sought.

Athletic competitions in bas ball, bowling, boxing, wrest volleyball, table tennis and bad ton are sought by Jefferson racks teams Capt. D. Brand athletic officer at the Barrack in charge of arrangements.
